

E-Z Stitch Lap Stand

The Cadillac of lap stands. Eliminate fatigue and hand cramps from holding stitching frames. Both hands are free to stitch. This versatile, portable, and lightweight oak lap stand from American Dream Products, has an adjustable clamp that will hold all types of stitching devices. Comes with a 12" no baste scroll frame with 6" side bars, and a 14" adapter bar to accommodate 6", 8", 10", or 12" scroll rods. Fully adjustable, and scroll frame swings straight up to tie off the back side of your project.

Jennoop Collapsible Hoop Stand

Need another hand? Get the Jennoop Collapsible Hoop Stand! Lightweight and durable, it sits at the appropriate angle to accommodate cross stitch, embroidery (ribbon, crewel, candle wicking) and needlepoint. The Jennoop holds the fabric taut. Place the JCH on your lap or a flat surface and your hands are free to create beautiful stitches. Place one hand under the material and the other hand on top of the project to pass the needle through. By passing the needle back and forth in this manner you are stitching two handed. A great, affordable gift item for any stitcher! Made of polypropylene. 9" dia. x 8 1/2" tall.

Q-snap Frames

Unique method to hold fabric taut while stitching. Four plastic C-shaped clamps hold the fabric onto the bars. Tension is easy to adjust. You have a smooth stitching surface around entire frame without "hoop wrinkles". The Q-snap frame comes apart in seconds to store or to carry in practically any tote.

Wood Embroidery Hoops

Great for an inexpensive frame. We do not recommend wood hoops for stitching because they can pick up oil from your hands and transfer it to the fabric.
