

Book Protectors

Wire book racks are a great way to display your cross stitch books and leaflets. But take a minute and look at what the racks are doing to the bottom edges of your books. As your customers browse through the racks and books get

dropped back into the racks, the bottom edge of each book gets dented. Before long, books start looking damaged. When merchandise looks damaged, sales drop. Yarn Tree's Book Protectors are a simple, low cost solution to this costly problem. Our Book Protectors are durable white paperboard inserts that install into your rack in seconds and virtually eliminate damage. Pack of 60. Net price (no additional discount)

Store your bolts of fabric in these tough 4 mil clear 14"x40" plastic bags. Retail price shown. Pack of 10 bolt bags.

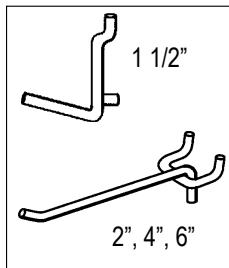

2631 Bolt bags, pk of 10 10.00

Inventory Cards

Inventory Cards will help you control your inventory dollars in books and increase your profits! Inventory cards come in two sizes. The 8 1/2"x11" size is meant to be kept in the book rack with its book. When you are low on a book, pull the card and reorder; when the book comes in, return the card to the rack. The 4"x6" card is meant to be kept in a file box. This card is good if you have more than one book in a slot in your racks. Prices shown are for a pack of 50 cards. Net price (no additional discount).
